Honda Marine Touch-Up Paint Packaging

Honda Marine has changed the sales style for Oyster Silver and Stin Gray touch-up paints. Paint can be ordered in aerosol cans, a touch-up pen, or directly from our vendor in bulk cans.

Oyster Silver uses a 3-step paint process—primer, base coat, and clearcoat. Stin Gray is now a single-step process paint.

Aerosol Cans—Original factory color touch-up paint is available in aerosol cans. Aerosol cans sold in multiples of one except where noted.

Oyster Silver Metallic Paint
BF2 through BF225. Requires Clearcoat to seal, protect, and complete the paint process. Paint cures with Clearcoat application.

Part No: 08707-NH282MA
Suggested Retail: \$25.32

Primer
Should be used as required before paint is applied.

Part No: 08707-PRIMA
Suggested Retail: \$11.00

Neptune Blue Paint*
BF20, BF50, BF75, BF100 (A-F models).

Part No: 08707-PB109
Suggested Retail: \$10.67

Clearcoat
Used with Oyster Silver paint to complete the paint process and provide a durable finish.

Part No: 08707-UCA150
Suggested Retail: \$13.32

Stin Gray Propeller Paint
This is a single-step process.

Part No: 08707-NH283MA
Suggested Retail: \$13.32

Vintage Gray Metallic Paint*
BF2, BF5, BF8, BF9.9, BF15 (AH/AK models).

Part No: 08707-NH190M
Suggested Retail: \$13.40

*Sold in multiples of two.
